**Try to cut the lawn Friday or Saturday of the week assigned.**

The two biggest Milwaukee batteries are for the mower. The other single Milwaukee battery is for the weed eater. We also have a DeWalt blower which obviously has its own battery.

**Please** clean up the equipment and return to the position you found it in. Return batteries to their chargers unless they are still close to fully charged. **Also, please** vacuum the landing.

**Any Problems or Questions:** Call John Vasel at (308) 629-7468.

*Thank you for your service to the Lord and His House!*
